

## Current Students

- Hi, I'm Kellye Testy, your new dean. Welcome back to law school. I'm excited to be here and eager to meet each and all of you.
- You have an exciting year of classes and opportunities ahead of you; we've all been working hard over the summer to advance our educational program to an even greater level of excellence.
- New this year is the Law, Technology and Arts Group that builds on our curriculum, research, and clinical strengths in technology, intellectual property, and art law; We're also launching more opportunities in the area of the environment, especially in climate justice.
- We also now offer a concentration track in public service, continuing this school's long-standing commitment to serving our state, nation and our many communities.
- You'll also find some familiar programs, including Social Justice Tuesdays, exciting speakers speakers from around the world, the PILA Auction, the SBA Gala, and many other student events – including of course our TGIT tradition.
- As you look back on your summer experiences and prepare for the academic year, remember to check in with the Career Planning Office. Our staff is outstanding and has put together all of the resources you'll need to advance your legal career.
- I am eager to work with you to make this your best year yet, and I look forward to meeting you soon.
