EXTERNSHIP REGISTRATION FORM – INTERNATIONAL ADDENDUM

The American Bar Association sets forth the Standards of Legal Education, which governs our public service externship program. In regard to participation in studies or activities in a foreign country, the Standards state:

The studies or activities shall be approved in advance and periodically reviewed following the school’s established procedures for approval of the curriculum.

International Externships are inherently more difficult to oversee given the obvious distance and supervision limitations. While UW Law supports these opportunities, we must request additional information in order to determine that the opportunity meets expectations and is a rewarding experience educationally. Further, International Externships will be subject to the same requirements of locally conducted externships; if a component is not met, no credit will be awarded.

Are you utilizing another law school’s academic program? (NYU’s European Institute, etc.)
Yes □ Name of program: ________________________________________________
No □ Please describe where you learned about the externship opportunity? ________________________________________________________________
________________________________________________________________________

Work Performed by the Organization:
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

Work that you will be doing: ________________________________________________
________________________________________________________________________
________________________________________________________________________

Do you have a sponsorship letter from the Organization? No □ Yes □

Have you completed a supervision plan? No □ Yes □

Are you registering for more than 5 credits? No □ Yes □

If so do you have a faculty supervisor that has confirmed that he/she will do a site visit if required when you are there? No □ Yes □ (An annual site visit is required for externships over 5 credits, no exceptions)

How are you financing tuition for your international experience?
  □ Paying UW tuition as normal
  □ Paying another school’s/program’s tuition
  □ Utilizing UW’s study abroad tuition (Through the Office of International Programs & Exchanges)

I have reviewed the above international externship and agree that it satisfies all conditions of the public service requirement and adheres to the externship program guidelines of the law school.
