## University of Washington School of Law Speaker Release Form

The UW School of Law recording policy is to disseminate and preserve lectures, presentations and events sponsored by the law school and affiliated organizations. All recordings are cataloged, archived and transferred to an electronic media file. Those recordings that are for law school only viewing will be stored on a secured server. All general public events with signed release forms may be broadcast via the internet for public viewing on a video archive “webcast” portion of the UW School of Law’s web site.

### Statement of Release

*I give permission to the UW School of Law to record my presentation.*

<b>Name</b>
