## MULTIDISCIPLINARY TEACHING EXPERIENCE

2015- I have worked with faculty at the University of Washington School of Medicine to create a unique joint program where medical residents and law students simultaneously are trained in medical legal matters. The UW School of Medicine selects a fact pattern taken from actual patient care and I create a legal curriculum around it. My Forensics students then question the medical residents in simulated deposition settings, followed by group discussions about the experience.

## INTERNATIONAL TEACHING EXPERIENCE

2017 Program Director, United States-China Criminal Law Cultural Exchange. I hosted a top level delegation made up of Chinese Supreme Court Justices, Justice Department directors, law professors and trial attorneys who came to the United States seeking ideas on ways to reform their criminal justice system.

2010 Kenya School of Law, Nairobi. Training program for young trial attorneys seeking to introduce reforms into their justice system.
