WINTER QUARTER GRADES
All students will receive their grades on MyUW. The faculty adopted deadline for submitting grades is by April 11th. Grades from about 30 classes are still to be submitted.
It does take a few days from the time that a faculty member submits final grades before they will appear on a transcript. It is necessary to convert grades by numbers to names and then report them for processing. We will process them as rapidly as possible, with accuracy as our primary consideration.

SPRING QUARTER EXAM SCHEDULE
The Law School Spring Quarter exam schedule is now available online at

**Book of the Week: Farwell’s Rules of the Nautical Road (8th ed. 2005)** by Craig H. Allen  
--Vicenç Feliú, Reference Intern

If I say the word “Titanic,” almost everyone will immediately get a picture in their mind of a huge luxurious ocean liner sinking into icy waters. But that was 1913 and nothing that catastrophic is ever likely to happen again, right? Wrong!

Today, our waters are more crowded than any other time in history. Almost ninety percent of all global trade is carried by sea. Because of the huge number of sea-going vessels, maritime case law reporters abound with collision cases. The risk of collision is very real and puts vessels, crew, passengers, and cargo in jeopardy. Furthermore, a rapid growth in passenger ferries and cruise ships exacerbate both the nature and the magnitude of the risk. These problems are particularly disturbing for us in the Pacific Northwest where our waterways are becoming as crowded as our freeways.

Back in 1941, Raymond Farwell, a captain in the U.S. Naval Reserve and a professor of transportation at the University of Washington, published *The Rules of the Nautical Road*. The book became so well known and respected among mariners, Captain Farwell’s name became permanently attached to the publication. Seven editions later, Professor Craig Allen of the University of Washington School of Law, himself a licensed master of sea-going vessels, has brought the publication full circle to its place of origin by authoring its latest edition.

*Farwell’s Rules* is a comprehensive work on the art of collision avoidance in the open sea and should be required reading for all sailors. The book, however, is more than just a navigational aid. It is an examination of the laws, rules, regulations, and customs that govern navigation and offers studies of actual collision cases with histories and annotations. It is a clear and well crafted resource for anyone interested in the intricacies of maritime laws of navigation, and specifically collision avoidance.

The 8th edition is available at K4184.F37 2005 in Classified Stacks.

## SBA COLUMN

### Next Year’s Tuition

While next year’s tuition has not been finally confirmed, students should expect an increase of 10 or 11 percent. What is currently being determined by the legislature is how that increase should be spent. The budget approved by the Senate allows for a substantial percentage (50%) of the revenue generated from the law school’s tuition increase to fund a program that benefits undergraduate students only. As I write this, the House has not yet approved its budget, although it appears as though its budget will not include such a provision. (In which case the University’s Regents would have authority to determine how those tuition dollars are spent. If this happens, the Regents are likely to allocate some portion of our tuition to fund the state need grant program, which only benefits undergraduate students.)

Once the House approves its budget, the House and Senate will have to reconcile their budgets. This is where students come in! Write your representatives and explain why the Senate’s operating budget places an unfair burden on law students. You should have received information and a sample letter via lawdawgs from GPSS as well as the SBA that you can use as a guide. Letters should stress the fact that the money you pay for tuition should be invested to maintain the quality of the education you receive. Furthermore, the high debt many law students incur while attending law school is a substantial hardship for many, especially those who would like to work in the public interest sector.

If you have questions, or would like more information or another copy of the sample letter, please e-mail me. I am happy to assist. This should not take much time, but it is an important issue and your letters can make a difference!

### Elections for 2005-2006 SBA positions

Campaign speeches will be Friday, April 15<sup>th</sup> in room 138. All candidates running for SBA positions will each
have a few minutes to introduce themselves and describe why they are running.

All students are welcome. (Including 3Ls- who may vote in this election!) So come and learn about the candidates, and we’ll provide the pizza!

**MLA TRIP TO SHOOTING RANGE**
The Third Annual Military Law Association trip to the shooting range has been scheduled for Tuesday evening, April 26th. This is a good opportunity for those students/staff/faculty who would like to learn more about marksmanship and firearms in an educational environment. In order to finalize arrangements with the shooting range (Wade's in Bellevue), we need to get an exact count of who will be participating.

Both avid shooters and people who have never handled firearms before are welcome. Last year the MLA had a huge turnout. Many of the people who participated had never shot before, but everyone had a great time learning the basics of shooting technique and range safety.

Prior to going to the range a class will be taught on weapons safety and proper handling to all participants. This class is MANDATORY for anyone who is going to be attending. The class will be held in a TBD location on April 25th from 12:30 to 1:20. There will also be a short safety refresher at the range as well as a "lane ranger" on every lane to ask questions, help with problems, and ensure safety so that everyone can have a great time.

The MLA will be subsidizing the event, and we need to have an accurate headcount of who is going to be attending. Cost will vary depending on the number of participants, but each student should expect to spend between $10-15 for lane fees, eye and ear protection and ammunition.

Please RSVP to Kristen Dietz (dietzk@u.washington.edu) or Trish Wiegman-Lenz (wieglenz@u.washington.edu) no later than 5pm, Wednesday April 13th.
